HEADMASTER
MR. JOESPH ARANGIO

HEADMASTERS MESSAGE . . . . . .

I congratulate you on your graduation from Boston Technical High School, a school with a mix of magnificent traditions and prestige and the unquenchable energy and ideas that come with new faces. Your last year in high school was not an easy one for you but you worked wonders. Your record of accomplishment serves as a standard for others to follow.

Much is expected of you in the years ahead. You are the future of our city, our state and our country. We encourage you to continue your pursuit of excellence each day. As you travel the road of life, use your imagination, skill, talent, education and compassion to make your life, family and community better. Reach out to help those in need.

The faculty and staff at Boston Tech are proud of you and we offer you our continued assistance in the years ahead. We wish you the very best and we will miss you. May God bless you.

Sincerely,
Joseph Arangio
Headmaster 1989

Dear Members of the Class of 1990,

As you review these pages of TECH memories I'm sure that these pictures and words help to fill your minds with countless thoughts and reflections.

From your first days on Warren Street or on Border Street, to your last days on New Dudley Street as part of a modern educational complex, you have received the best of educational opportunities. The faculty has worked with you in tireless ways to bring out the best of your talents and skills. They have strived to help you develop and fulfill your highest potential.

As has always been the case the rest is up to you. No matter how much caring and support you have received from family and friends, as well as from numerous others, your own initiative, efforts and hard work are the major factors in your achieving your goals and objectives.

Now that your high school preparation has been completed, use it as a foundation for life long educational growth and development. The method or locations of your formal education will change, but the process of your individual learning and educational enrichment never stops. Take advantage of every opportunity to better prepare yourself for the challenges of today and tomorrow.

On behalf of all faculty past and present who do not have a similar opportunity of writing you, I wish you health and happiness with the strongest belief that you will achieve personal success and satisfaction.

Sincerely,
Christopher Lane
HEADMASTER 1989
Boston Technical High School
1982—1989

FORMER HEADMASTER
MR. CHRISTEPHER P. LANE

VICE PRESIDENT:
CYNTHIA DAVIS

PRESIDENT
CYNTHIA GIBBS

My experience as President of my Junior and Senior class has had a prosperous aspect.

After being elected Junior class President I really didn't know what to expect. I guess I thought it would be easy to give orders and make minor decisions, but later on, I realized that it was more than that. I knew I had to represent my class and I had to do it well.

While being Senior class President, most of my problems came about after the closing of Umana and the consolidation with Tech.

I, as well as the other students, had to adjust to some major changes in our school.

At first I thought it would be a pretty rough year. In other words, I was thinking negative about the situation. However, after a group of students and I met with our new headmaster we were able to negotiate and iron out some of the "new rules".

I also met with Mr. Arangio to talk about some of the issues that concerned most of the students and I learned that he'd made most of the rules for the care and safety of the students.

However, there were some rules that were absolutely unjust and we were able to look closely at the pros and cons.

One rule that was strictly enforced was no candy selling in the school.

Last year we made almost $1,000 on candy selling alone so that rule really affected the Senior class fundraising. We were forced to find other ways to raise money and hoped it would be just as profitable as the candy selling.

Another complication was electing our new class officers for the Senior class. We were able to come to an equitable agreement, thus two Vice Presidents Cynthia Davis (Tech) and Cathy Bradshaw (Umana) and a combined office of treasurer/ secretary which was held by Dawnya Hatcher (Umana).

This situation worked out perfectly and we managed to work together to bring about an excellent year for the Class of '90'.

I'm sure I speak for all the "Old Tech" students when I state that Mr. Lane, our former headmaster, will be missed and never forgotten. I am saddened to say that "you don't know a good thing until you've lost it", and this is definitely true about Mr. Lane.

I know everyone wished that things were the way they were a year ago, but we can not change what has happened.

Even though Tech has been through many trials and tribulations we have always shown the "Tech Pride." Good luck to all of you. I'm sure each and every one of you will be a success - after all you've graduated from Boston Technical High School- isn't that a success?

Your President,

Cynthia R. Gibbs

"Time and Tide"

By Hazel Washington Lamarre

Time would not wait on
me,
I asked it to;
I was so far away and
wandering fast;
and when I got to where
it was;
time had passed.

I hurried out to meet the
tide
and tell it all
that time had done and
cried
that it should wait on
me;
but it went on;
and when I looked at
where
I'd seen the tide;
it, too, had gone.

COMMENTS FROM THE COACH

The 1989 Girl's Volleyball team continued the winning tradition. Led by captains Jenny Leung and Amy Wong, the team finished the regular season 11 wins, 1 loss. This record was good enough for the Tech Tigers to be named Division Champion. After defeating Brighton High the Tigers were crowned City Champs. Outstanding players like Sandy Tat, Sonya Lewis & Holly Ly were not finished yet. Boston Herald, All-Scholastic performer Judy Lee agreed. Their next challenge was the State Tournament. The team won the Quarterfinals and loss to a tough Brookline team in the State Semifinals. The Tech Tigers showed great determination throughout the season. This year's team showed the class what champions are made of. Great Job Girls!

"THE CLASS OF NINETY IN THE YEAR TWO THOUSAND."

By Vaughn Sawyer

It is the year two thousand in the office of James Gomes, who is now the proud owner of Afro - Sheen products. It occurs to Mr. Gomes that it is Boston Tech's tenth year reunion. He calls up his friend Greg Gamble better known as Country, who is now Vice - President in charge of production of Black Crayons for Crayloa. His secretary Della answers the phone "Vice - President's office of Black Crayons, Ms. Ragland speaking, may I help you."

"Yes I would like to speak to Mr. Gamble, replies James."

"Sorry he's in a meeting, may I transfer you to his assistant Evrol Officer."

"No that's okay I'll call back later. Thank you replied James."

Meanwhile at the same time at Lawson's which is now proudly owned by Sammy Jackson. A conspicuous man with a very large Afro walks in, "Hello I'd like to speak to Sammy Jackson about my hair being cut?"

"May I ask who it is replied Dawn Hall."

"Yes tell him it's George Crimm, the man replied."

"Wait here please he'll be with you in a minute, as she turn and sprays her baufont hair do with Afro - Sheen Hair Spray.

Just that moment three masked men burst in "everyone put your Afros to the ceiling and be quiet!" The three men dedicated to putting Mr. Gomes out of business snatched all the Afro - Sheen products. As one goes to pick up a bottle of only to reveal the identity of Kevin Bailey. At the moment a customer jumps up and replies, "I know those lips behind that mask, that's Courtney Powell."

"We'll if I'm caught you're caught too Clayton." replies Courtney as he's pulling off Clayton's mask.

"Oh forget it let's just grab the products and get out of here replies Kevin." As the three criminals make their way to the door, they are halted by a masked marvel and his side kick, Blackman and Slobblin, who in disguised are Mr. Belle and Mr. Staples. "Halt you vicious Hair Care robbers, for this you get two detentions." For ten years these two still think they're High School Administrators. but using this extra powerfull lips Courtney blows them a kiss that knocks them a half of block and they escape unharmed.

The next day Bo wakes up on the Boston Tech High School's bench. Despite fair years of getting no runs Bo is now the assistant coach of Tech's basketball team. With the head coach Justin Manning. Bo dreams of being the coach someday, but Justin being the great Athlete that Bo isn't beat him to the position. "We have an early practice today, get the equipment Bo." says Justin "So we can be ready for the reunion."

On the way to the practice is Harold Grant, who this year might be a senior. He gets on the twenty eight bus at the corner of Morton and Blue Hill Ave. As he boards the bus he notice the bus driver, Marcellus, "What's up?" "How ya doing? Hows the wife Andrea Davis?"

"Oh Jesus! me and her had a fight last night."

"About what," asked Harlod?

"Last night I wanted to watch "Bill Cosby" reruns and she wanted to watch "Wild World of Animals' hosted by Michelle Hall.

"Its a good show," Harlod acknowledged" Especially two weeks ago when they had relatives of McBoo on the show. It's Tech's tenth year class reunion, are you going tomorrow, asked Marcellus?"

"I Doubt it, I got things to do, and besides isn't Mike's concert tomorrow, Mike who?"

"Mike Daily, he and Al. B. Sure have a show tomorrow."

"No that's next week," says Marcellus.

"Well hey I guess I'll go. I can't wait for them to see that I'm almost out of the twelfth grade after tenth years. Let me off at the corner and I'll see you later. Peaca."

"Helen! Helen Chan get up right now and finish peeling those potatoes."

Helen joined the Army ya know. And her drill sergeant is Mann Lou. These two never seemed to get along after Helen caught Mann cheating with Evans Antoine who they were both deeply in love. But Mann being higher ranking and a little better looking . . . . .

- - - - "Damn right I'm better looking," interjected Mann.

- - - - "This is only fiction BABY," responded your narrator.

got her man Evans. "Why did I ever date that Cop ten years, After he got caught smuggling in illegal chicken fingers my life hasn't been the same. How can I ever go to Boston Tech's reunion when I haven't become the famous model I thought I would Be"

"Oh well I'll be there."

"One! Two! One! Two! No pain No gain come on sweat it off!!! Famous for his weight reduction plan, Aubrey Jones now owns Slim World. With him as the head instructor and his assistant Kareema. These two have taken off millions of pounds off of the world's population. In fact they've been so successful that they've bought stock in Syria Vasquez's business Burger Queen.

This establishment put Mickey D's out of business five years ago, with such sandwiches as the Dionyshia Double Bubble Burger and the Tresa Carrington Sundae covered with big nuts oodles of deep dark chocolate, Yes other sandwiches and goodies like the Tracey Brooks Triple Filet 'O Fish sandwich have made Syrias establishment a huge success with Aubrey and Syria bringing in such a large clientel, the word on Tech's reunion has gotten around quickly.

More gold, More gold, I got to have it all. With earrings down to the floor, Cynthia Davis owns her own gold mining operation.

She gets a call 'ring - ring: "Who is it," asks Cynthia?

"It's me Vaughn," Who is now the chairman of the board at I.B.M.

"How are you Vaughn," asks Cynthia, "What do you need today.?"

"Well Cynthia, I was thinking of getting my Mercedes trimmed in 28K gold after I have Dr. Arangio finish waxing it. He's putting on the fourth coat now. And I need a statue of me at my new Sky Scraper opening. By the way Boston Tech's class of '90 reunion is tomorrow and I was wondering if you were going."

"Sure I'm going, if I can find the right earrings to wear. I don't think the ton ones are big enough for such a special occasion."

"Well be there and I'll see you tomorrow," I reply "See you then bye bye."

Just as Vaughn puts the phone down "Bloom Bloom Bloom"

"Open up Vaughn and we mean NOW!" At the door to Vaughn's office was Chistifaro's hit men the Stamatos, with Nick in the lead, these guys were a force but using his super human Ainja hyped extra crime fighting powers, Vaughn naturally escapes unharmed.

Well the day of the reunion finally gets here and old Techsters can't wait especially Ms. America who was stripped of her crown, Jennifer Graham, for dating a guy with hands too big for his body.

Velma and Uzenzile were getting lots of business this night from people going to the reunion. People needed "Escorts" from their "Escort" service and they were happy to oblige.

Cynthia Gibbs now an engineer hired by J. B. Cruz had slap on some extra vaseline and put in overtime to shine that forehead tonight.

And for the first time in ten years Robert Austin thought about putting on deodorant this night. Even Mr. Renaud, a retired Tech teacher was putting on a new suit and brushing his teeth. Ms. Leroy ran her Barbie Corvette through the car wash. While Mr. Sachetti panicked over the thought of having to do some work . . .

- - - - AND at this point the crowd of student and others that came to class night cheaped at realness of this statement!

You could tell that Boston Tech's class of nineteen ninety was having its reunion, all of Boston was estatic about it. Racheal now the D. J. for WILD had it announced on her show, "BOSTON TECH'S CLASS OF NINETEEN NINETY WAS IN THE HOUSE!"

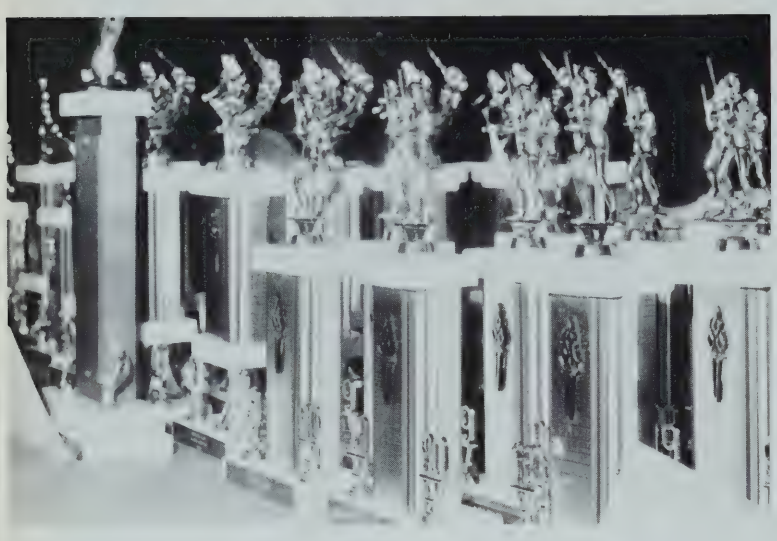
SALUTING EXCELLENCE



THE AWARDS BANQUET

When I think I've done all that I can, I reach inside me for that little extra that spells excellence.

THE BEST

OF THE BEST!!!

TRANSITIONS

At first to me the merger of Boston Tech with Umana Tech was the most ludicrous thing I had ever heard of. Anybody would feel this way after finding that their school was going to become one with another, But not just another school, yet a school that is totally alien to the school that it is being merged with.

When faced with transitions or changes of drastic measures, you tend to act differently than usual. One way in which I acted different was showing signs (not openly but inside) of prejudice and ignorance. Sometimes I even felt that I was better than Umana's students simply because the name of my school was Boston Tech. I was ignorant because I actually believed that because I knew some Umana students that I knew all Umana students.

I'm not saying that these feelings are good or acceptable because they aren't, there is no excuse for discrimination or bigotry of any kind.

Now, I feel more comfortable with the situation. I think there is alot we can get from Umana's students and faculty, And maybe, just maybe they could get something from us like . . . . Friendship??

IN MEMORY

On March 22, 1990, a precious life was yanked away without any warning. Sandra Alicia Francis was taken away from us, unjustly and much too soon.

Many of us questioned why Sandra; and who would do such a thing? Unfortunately there was an abundance of questions and no answers.

Sandra was a good friend. Even while life was difficult for her she maintained the same gregarious fun loving attitude. It was rare not to see that smile on her face that could brighten up the darkest of rooms.

Along with having my total respect as a person, she won the respect and admiration of her teachers through her dedication and perseverance in her studies. At graduation she was awarded a scholarship to further her education.

Sandra will be greatly missed and I realize that all the "good words" won't take away the pain. I thank God for her and as a legacy to her I intend to strive for the best and try to be the best I can be, just as she did. She realized she could achieve great things just by believing in herself. I wish she could have had the time to enjoy the fruits of a full life's accomplishments.

Sandra, my life has been touched by your presence. Your memory will always be very special to me. Thank you for sharing your life with us!

A Devoted Friend
